

MEET I-CLASS™ INDUSTRIAL HVLS FAN

The Entrematic I-Class Industrial HVLS Fan encompasses an epic design with enormous size, performance and savings. Producing a 2-3 mph breeze equivalent to a 4-7 degree reduction in perceived temperature, the I-Class works hard to ensure your facility reaches its full productivity potential.

The I-Class fan is designed to move extraordinary amounts of air, helping your entire facility run smoothly, while providing substantial energy savings. Not only will you feel the difference of a noticeably cooler space, but you'll also reduce stagnant air, alleviate hot and cold spots and keep food dry and fresh. I-Class is available in diameters ranging from 8 feet to 24 feet to accommodate your space and a variety of customization options.

KEY FEATURES

Extruded aluminum black anodized blades

8-24 feet in diameter

Rotary airfoil winglet design
